 We foster self-confidence and develop presentation skills in our preschool children through their performances in plays and concerts.

 All students receive enrichment instruction, included in the tuition, by NJDOE certified teachers in the following disciplines:

- ⇒ Art
- ⇒ Physical Education
- ⇒ World Language
- ⇒ STEM (Technology)

 We stimulate children’s natural curiosity and promote intellectual growth in our new STEM lab and enhance their physical skills in our 4,800 square foot gymnasium and dedicated outdoor preschool playground.
